WHEN YOU NEED LEGAL COUNSEL

**CALL US
FIRST**
740-363-1213

**FIRESTONE
BREHM
HANSON
WOLF &
BURCHINAL** LLP

Serving Delaware County and surrounding areas since 1947.

Think of us as your “full service” law firm, ready to help you with your legal needs.

Almost everyone has a “primary care physician.” When you have a health concern, that’s the first person you call. Your doctor can deal with most of your medical needs and keep you fit and healthy.

But what about legal issues? Today, staying legally healthy can be more difficult than ever. That’s why you need a local law firm you can call first when you have legal concerns.

For more than 60 years, the law firm of **Firestone, Brehm, Hanson, Wolf & Burchinal, LLP** and its predecessors have been providing sound legal counsel for thousands of residents and businesses in Delaware County and surrounding areas.

Why do so many call us first? Because...

- **We have experience in most of the legal issues you’re likely to encounter.** Each of our partners focuses on specific legal areas. From personal injury to probate to criminal defense to domestic matters, you can rely on us to be familiar with most of your legal concerns.
- **Our law firm and its predecessors have served Delaware County residents and businesses since 1947.** Every city and

county is a little different. It pays to work with a law firm that is familiar with the legal system in the area where you live and work.

- **You will always get the highest level of personal care and attention.** We’re one of the largest law firms in Delaware County, so we have the resources to handle virtually all of your legal needs. At the same time, we are small enough so you are more than just a “case” to us. We will give you the personal attention your case deserves.
- **You can count on us to be highly aggressive in protecting your interests.** We will fight for you and do anything and everything within the law to protect you and achieve the best possible outcome. Whatever happens, we’re on YOUR side.
- **When you talk to us, we’ll listen.** We understand that it’s about YOU and your life. We’re here to help you resolve your legal needs, help things run more smoothly for you, and give you peace of mind.
- **We provide you with efficient, cost-effective legal services.** Our philosophy is to provide advanced legal solutions in the most economical way possible.

Answers to your questions about hiring a lawyer.

Q: How do I know I need a lawyer?

A: If something important is at stake, you generally need a lawyer to protect your interests. Whether you are charged with a crime, have an accident, need to deal with a contract, or simply want to sell your home, we can help you avoid serious and costly mistakes.

Q: When should I call a lawyer?

A: If you have a legal problem, the longer you wait, the less chance for an inexpensive, simple solution. Many problems can be avoided by working with a lawyer from the beginning. The sooner you call us, the better. Just as you have a general practice doctor as your first line of health defense, it is also wise to have a general practice law firm as your first line of legal defense.

Q: Are there legal issues I can handle myself?

A: Today, there are few “simple” laws. It’s easy to say or do the wrong thing and create unexpected problems.

Q: Can I keep the matter private?

A: Attorney/client privilege provides that virtually all conversations you have with your lawyer are confidential. Nothing you say could ever be made public or used against you. That means you can be open and completely relaxed when talking to us.

Q: Is working with a lawyer expensive?

A: Things tend to get expensive when you let an issue go too long or if you try to handle it on your own. Which is why it can be far less expensive to call us before you have a problem. In some cases, flat fees or contingency fees may be available where payment is not rendered until services are provided, or a settlement is obtained.

Q: What’s the first step?

A: Call our office and tell us your situation. Simple as that. One of our experienced lawyers will be happy to talk with you. We prefer a relaxed, friendly atmosphere with no pressure and no sales pitch. We think of our clients as family.

When you have a legal concern, call us first: 740-363-1213

Remember, the best time to call a lawyer is before you have a legal problem.
